Eisai Organized Webinar for healthcare professionals only

Unmasking ARIA: A Radiologist's Guide to Alzheimer's Imaging

Thursday January 15th, 2026 | 20h00 - 21h00 | Microsoft Teams (virtual)

We are pleased to invite you to our upcoming webinar with the focus on Amyloid-Related Imaging Abnormalities (ARIA).
This event is organized by Eisai, in collaboration with experts in Neuroradiology and Neurology.

Agenda

20h00 - 20h05	**Welcome and Introduction**	
20h05 - 20h25	**Introduction to Alzheimer's Disease**	Prof. Sebastiaan Engelborghs *UZ Brussel*
20h25 - 20h45	**Unmasking ARIA: definition, subtypes and detection**	Prof. Sofie Van Cauter *ZOL*
20h45 - 20h55	**Q&A**	Panel Discussion
20h55 - 21h00	**Closing Remarks**	

If you are interested in attending, please register by mailing to medinfo_belgium@eisai.net. You will receive a Microsoft Teams link after registration.

Should you be interested but unable to attend, we encourage you to reach out as well. The webinar will be recorded and made available afterwards to those who express interest.

We hope you can join us as we work together towards a brighter future in Alzheimer's care, with Eisai as your trusted partner in this journey.
